campaign to beat plastic pollution especially focusing on single-use plastic.

The such machines will be fast followed by placements in Andamans, Ladakh and Bangalore next. The maintenance of this machine will be taken care by the DLF team on day to day basis. Company will also take care of the recycled waste.

It has also collaborated with WWF in their initiative, Give up to Give Back Challenge to spread awareness about the scourge of single-use plastic.

It has given up single-use plastic in the office premises and distributed over 10,000 durable jute bags to all the employees and other NRC companies.

In order to further reduce the carbon footprints, MMT has planted over a half of million trees near Udaipur from the Rs. 5 contribution that travellers make while booking on the platform.

(Based on statement)
